“Higher resolution method”	Inversion	Chromosome 10	Cell-free DNA (cfDNA)	Automated metaphase scanning
“This wouldn’t have been detected before”	Chromosome 21	Chromosome 20	Chromosome 6	Tetrasomy 12p
Acute myeloid leukemia (AML)	Y chromosome material	FREE	Complex rearrangement	“After multiple attempts...”
Chromosome 7	“NGS still doesn’t see this”	Chromosome 1	Picture of karyotype	Chromosome 19
Chromosome 14	“p-arm”	SNP microarray	Picture of FISH	Chromoanagenesis

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
