**B I N G O**

|                       |                              |   |                              |                       |
|-----------------------|------------------------------|---|------------------------------|-----------------------|
| PML::RARA             | B-cell ALL (B-ALL)           | Variant of uncertain significance (VUS) | Copy number variation (CNV)  | Deletion              |
| Chromosome 22         | NIPS / NIPT                  | "It's more complex than it looks"       | Acute myeloid leukemia (AML) | Chromosome 9          |
| Risk stratification   | Diagnostic yield             | FREE                                    | Inversion                    | Tetrasomy 12p         |
| Derivative chromosome | Triploidy                    | Chromothripsis                          | MYC amplification            | Myeloid malignancy    |
| "An ugly karyotype"   | "Higher resolution platform" | "This is a busy slide"                  | Optical genome mapping (OGM) | Y chromosome material |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
