"p-arm"	Duplication	"This is why we still do karyotypes"	Acute promyelocytic leukemia (APL)	Chromosome 18
"We were surprised by this finding"	MYC amplification	Long-read sequencing	Deep neural networks / AI / Machine learning	Structural variant (SV)
Clinical utility	Variant of uncertain significance (VUS)	FREE	Triploidy	PML::RARA
Genotype-phenotype correlation	Tetrasomy 12p	"Due to time..."	"It's more complex than it looks"	Optical genome mapping (OGM)
Uniparental disomy (UPD)	SRY-positive	"We confirmed it with FISH"	"q-arm"	Chromosome 13

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
