| | | | | |
|--------------------------------------|------------------------------------|------------------------------|------------------------------|---|
| Risk stratification | MYC amplification | Chromosome 7 | "Complementary technologies" | Variant of uncertain significance (VUS) |
| "Unexpected finding" | Chromosome 14 | Chromosome 3 | "Due to time..." | "q-arm" |
| "This is why we still do karyotypes" | Acute promyelocytic leukemia (APL) | FREE | Triploidy | Chromosome 5 |
| Chromosome 18 | Derivative chromosome | Aneuploidy | Picture of karyotype | Acute myeloid leukemia (AML) |
| Chromosome 10 | Chromosome 1 | Optical genome mapping (OGM) | Plasma cell neoplasm | "p-arm" |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
