B**I****N****G****O**

Developmental delay	MYC amplification	Y chromosome material	"Probably more complexity we can't see"	Whole genome sequencing (WGS)
Pathogenic	"We confirmed it with FISH"	Derivative chromosome	"NGS still doesn't see this"	Chromosome 19
Chromosome 2	"Not detected by conventional methods"	FREE	Chorionic villus sampling (CVS)	Copy number variation (CNV)
Diagnostic yield	Chromosome X	"Unexpected finding"	"It's more complex than it looks"	Placental mosaicism
"This wouldn't have been detected before"	Chromosomal instability	Risk stratification	Picture of karyotype	Plasma cell neoplasm

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
