| | | | | |
|----------------------------------------|------------------------------|---------------------------------|------------------------------|-------------------------------|
| Translocation | Chromothripsis | Chorionic villus sampling (CVS) | "Higher resolution platform" | Whole genome sequencing (WGS) |
| "Not detected by conventional methods" | Chromosome 11 | Myeloid malignancy | Chromosome 17 | Chromosome 21 |
| Inversion | Automated metaphase scanning | FREE | Structural variant (SV) | Chromosome 20 |
| "q-arm" | Chromosome 10 | Developmental delay | Aneuploidy | "Higher resolution method" |
| "It's more complex than it looks" | "p-arm" | "An ugly karyotype" | "We confirmed it with FISH" | SNP microarray |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
