| | | | | |
|-------------------------------------|-----------------------|--------------------------------------|----------------------------|--|
| Genotype–phenotype correlation | “An ugly karyotype” | "p-arm" | Deletion | Chromosome 14 |
| “We were surprised by this finding” | Mosaicism | Chromoanagenesis | Robertsonian translocation | “microarray cannot detect balanced events” |
| Chromosome 21 | Chromosome 6 | FREE | Uniparental disomy (UPD) | Acute promyelocytic leukemia (APL) |
| “NGS still doesn’t see this” | Chromosome 2 | Long-read sequencing | Chromosome 15 | Chromosome 18 |
| PML::RARA | Cell-free DNA (cfDNA) | “This is why we still do karyotypes” | Chromosome 20 | Complex rearrangement |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
