Acute myeloid leukemia (AML)	"NGS still doesn't see this"	Chromosome 10	Structural variant (SV)	Chromosome 3
"After multiple attempts..."	Homology-mediated repair	"Due to time..."	Plasma cell neoplasm	Chromosome 16
Developmental delay	Chromosome 5	FREE	"Not detected by conventional methods"	Chromosome 13
Chromosome 1	Placental mosaicism	Risk stratification	Cell-free DNA (cfDNA)	"Complementary technologies"
"This is why we still do karyotypes"	Complex rearrangement	Chromosome 14	Chromoanagenesis	Y chromosome material

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
