“After multiple attempts...”	Translocation	Chromosome 2	“A beautiful karyotype”	Acute promyelocytic leukemia (APL)
“Due to time...”	Chromosome 11	Chromoanagenesis	Chromosome 13	“Probably more complexity we can't see”
Picture of karyotype	Chromosome 18	FREE	“Higher resolution platform”	“microarray cannot detect balanced events”
“We were surprised by this finding”	“NGS still doesn't see this”	Chromosome 15	Chromosome 7	NIPS / NIPT
Complex rearrangement	Optical genome mapping (OGM)	Pathogenic	Plasma cell neoplasm	Derivative chromosome

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
