Chromosome 19	Long-read sequencing	"This is why we still do karyotypes"	Structural variant (SV)	Duplication
"Probably more complexity we can't see"	Chromosome 17	Chromosome X	Myeloid malignancy	Whole genome sequencing (WGS)
Chromoanagenesis	"Complementary technologies"	FREE	Chromosomal instability	Pathogenic
"Higher resolution method"	Chromosome 9	Robertsonian translocation	SNP microarray	Chromosome 11
Chromosome 4	"It's more complex than it looks"	"Not detected by conventional methods"	Chromosome 7	Translocation

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
