|------------------------------------|------------------------------|------------------------------|-------------------------------------|--------------------------------------|
| Myeloid malignancy | Risk stratification | SNP microarray | Chromosome 20 | Chromosome 14 |
| Chromosome 6 | Automated metaphase scanning | "Complementary technologies" | "We were surprised by this finding" | Mosaicism |
| Acute promyelocytic leukemia (APL) | "We confirmed it with FISH" | FREE | Copy number variation (CNV) | "This is why we still do karyotypes" |
| Chorionic villus sampling (CVS) | "An ugly karyotype" | Homology-mediated repair | "Due to time..." | Chromosome 9 |
| Chromosome 2 | Duplication | Long-read sequencing | B-cell ALL (B-ALL) | Tetrasomy 12p |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
