|  |                                   |                         |                              |                                    |
|--|-----------------------------------|-------------------------|------------------------------|------------------------------------|
| Chromosome 6                               | Chromosome 7                      | Chromosomal instability | "Higher resolution platform" | "Complementary technologies"       |
| Chromosome 20                              | Pathogenic                        | Chromosome 15           | Aneuploidy                   | Acute myeloid leukemia (AML)       |
| "microarray cannot detect balanced events" | "It's more complex than it looks" | FREE                    | Chromosome 1                 | Acute promyelocytic leukemia (APL) |
| "p-arm"                                    | Copy number variation (CNV)       | Placental mosaicism     | Chromosome 3                 | Deletion                           |
| MYC amplification                          | "A beautiful karyotype"           | Picture of FISH         | NIPS / NIPT                  | "NGS still doesn't see this"       |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
