Chromosome 16	"Higher resolution platform"	"This wouldn't have been detected before"	"A beautiful karyotype"	"Higher resolution method"
Chromosome 18	"It's more complex than it looks"	Homology-mediated repair	Whole genome sequencing (WGS)	B-cell ALL (B-ALL)
Acute myeloid leukemia (AML)	Chromosome Y	FREE	Chromosome 2	Y chromosome material
"After multiple attempts..."	Chromoanagenesis	Chromosome X	"An ugly karyotype"	"Unexpected finding"
"This is why we still do karyotypes"	Picture of FISH	Robertsonian translocation	Long-read sequencing	Clinical utility

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
