Triploidy	Diagnostic yield	Chromosome 2	Chromosome 15	Y chromosome material
Deep neural networks / AI / Machine learning	Risk stratification	Chromosome 1	Duplication	Chromosome 3
Derivative chromosome	"It's more complex than it looks"	FREE	Chromoanagenesis	Chromosome 21
Developmental delay	"Probably more complexity we can't see"	Translocation	Optical genome mapping (OGM)	Genotype-phenotype correlation
Long-read sequencing	"This wouldn't have been detected before"	Chromosome 13	Structural variant (SV)	Inversion

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
