| | | | | |
|---------------------|-------------------------------|---|------------------------------|---------------------------------|
| Chromosome 21 | Acute myeloid leukemia (AML) | Chromosome 15 | "NGS still doesn't see this" | Chromosome 11 |
| Chromosome 18 | Whole genome sequencing (WGS) | Placental mosaicism | Uniparental disomy (UPD) | Chromosome 16 |
| Developmental delay | Inversion | FREE | Y chromosome material | Chromothripsis |
| Tetrasomy 12p | Picture of FISH | "This wouldn't have been detected before" | Chromosome 17 | Chorionic villus sampling (CVS) |
| Pathogenic | Diagnostic yield | Chromosome 12 | Chromosome 5 | Aneuploidy |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
