| | | | | |
|---|------------------------------|--------------------|--|---|
| Chromosome 5 | Chromosomal instability | B-cell ALL (B-ALL) | Chromosome 11 | Chromosome Y |
| Long-read sequencing | "Higher resolution platform" | Clinical utility | "After multiple attempts..." | Whole genome sequencing (WGS) |
| Pathogenic | Cell-free DNA (cfDNA) | FREE | "Not detected by conventional methods" | Chromosome 10 |
| Myeloid malignancy | Optical genome mapping (OGM) | NIPS / NIPT | Chromosome 6 | "Probably more complexity we can't see" |
| "This wouldn't have been detected before" | Chromoanagenesis | Chromosome 9 | Copy number variation (CNV) | Translocation |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
