| | | | | |
|---|--|-----------------------|------------------------------|-------------------------------------|
| Chromosome 7 | Chromosome 17 | Chromosome 12 | "Higher resolution platform" | Complex rearrangement |
| Clinical utility | Chorionic villus sampling (CVS) | Cell-free DNA (cfDNA) | Mosaicism | "We were surprised by this finding" |
| SNP microarray | Plasma cell neoplasm | FREE | MYC amplification | "A beautiful karyotype" |
| Variant of uncertain significance (VUS) | Aneuploidy | Long-read sequencing | Optical genome mapping (OGM) | PML::RARA |
| "This is why we still do karyotypes" | "microarray cannot detect balanced events" | Chromosome 21 | "Due to time..." | Duplication |

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
