Chromosome 21	Pathogenic	Variant of uncertain significance (VUS)	Homology-mediated repair	Chorionic villus sampling (CVS)
Long-read sequencing	Copy number variation (CNV)	"It's more complex than it looks"	SNP microarray	"NGS still doesn't see this"
Chromosome 3	Robertsonian translocation	FREE	Chromosome 12	"After multiple attempts..."
Deep neural networks / AI / Machine learning	MYC amplification	Cell-free DNA (cfDNA)	Picture of karyotype	Optical genome mapping (OGM)
"Probably more complexity we can't see"	"p-arm"	"Higher resolution method"	Chromosome 11	"This is a busy slide"

Rules: Mark off squares as terms or quotes on your card are mentioned or appear on a slide. Five in a row vertically, horizontally, or diagonally to win. Each game starts at the beginning of each platform session (excluding keynote and vendor talks) and ends when a player has a bingo or at the conclusion of the last talk of that session, whichever comes first. You must audibly say "bingo" to win.
